1. All terms and definitions of the Tariff plan are used in accordance with the Regulations of work on the Electronic Trading Platform TEK-Torg JSC in “Rosneft Procurement procedures” Section, unless otherwise defined in the Tariff plan.
2. The date of access to the Procurement procedures on the ETP is the date of tariff activation.
3. The Tariff plan comes into force from December 23, 2024.

4. Termination date of access to the Procurement procedures on the ETP:
  - “Partner” tariff: the respective day of the last month of the tariff access period;
  - For “Non-competitive procurement contract” tariff: the respective day of the last month of the tariff validity period.
  
5. Tariffs activated before the effective date of new tariff plans are valid under the conditions specified in the Regulations and the Tariff plan in force on the date of tariff activation.
  
6. Detailed description of the tariffs:

Tariff	Description
Partner	<ul style="list-style-type: none"> <li>- Participation / winning in unlimited number of procurement procedures during the access period (1 year);</li> <li>- Contractual documents signing outside the framework of competitive e-procurement feature access;</li> <li>- The cost is 199,000 rubles including VAT for 1 year;</li> <li>- Additional fee is not charged from the winner of procurement procedure.</li> </ul>
Winner	<ul style="list-style-type: none"> <li>- Free participation in unlimited number of procurement procedures;</li> <li>- In order to participate in procurement procedure, the participant’s account must have 150,000 rubles as a deposit. That amount will be frozen during the procedure participation period. At the same time there is no limit on the number of applications within the frozen deposit;</li> <li>- In case of winning the procedure, the write-off amount accounts for 1% of the contract price, but not more than 75,000 rubles, including VAT, within the framework of 1 purchase;</li> <li>- In case the contract price was indicated in foreign currency, the write-off amount is 75,000 rubles, including VAT (20%), regardless of the amount of the contract;</li> <li>- Funds are debited from the Winner’s personal account primarily from free (unfrozen) funds in his personal account. In case the amount is not sufficient, the write-off is carried out from the frozen 150,000;</li> <li>- After the procedure is completed, the funds will be unfrozen immediately in case of non-participation in any other purchasing procedures;</li> <li>- After winning and completing the procedure, the next application for participation could be submitted when there are 150,000 rubles available in the account for freezing.</li> </ul>

Tariff	Description
Optimal	<ul style="list-style-type: none"> <li>- Participation in 1 procurement procedure with a published initial maximum price (IMP) for all lots is free of charge;</li> <li>- In order to participate in the procurement procedure, the participant's account must have 1% of the IMP of the procurement procedure available, but not more than 75,000 rubles. That amount will be frozen during the procedure participation period. Submission of an application within the framework of a frozen deposit is possible only in one procedure with the published IMP;</li> <li>- If the IMP of the procedure is indicated in a foreign currency, the amount equal to 1% of the IMP of the procurement procedure will be frozen, based on the Russian ruble exchange rate of the Central Bank of the Russian Federation on the date of filling an application for participation in the procedure, but not more than the maximum amount of 75,000 rubles including VAT (20%) within one purchase;</li> <li>- In case of winning the procedure, the write-off amount is 1% of the contract price, but not more than 75,000 rubles with VAT within the framework of 1 purchase;</li> <li>- If the contract price is indicated in a foreign currency, the write-off amount equal to 1% of the IMP of the procurement procedure will be charged, based on the Russian ruble at the exchange rate of the Central Bank of the Russian Federation on the date of summing up the purchase, but not more than 75,000 rubles including VAT (20%) in one procedure;</li> <li>- To cover the tariff charges, the funds frozen in accordance with the procedure, are debited from the winner's personal account. In case the amount is not sufficient, the current balance of the participant's personal account becomes negative;</li> <li>- When the procedure is completed and the participant is not recognized as the winner in the lots he participated, the funds will be unfrozen immediately;</li> <li>- A new application for participation in another purchasing procedure can be submitted when there is the amount of 1% of the IMP of the procurement procedure, but not more than 75,000 rubles, is available in the account for freezing.</li> </ul>
Non-competitive procurement contract	<ul style="list-style-type: none"> <li>- Contractual documents signing outside the framework of competitive e-procurement feature access;</li> <li>- The cost is 4,000 rubles including VAT for 1 year, unlimited.</li> </ul>
SME-only procedure	<ul style="list-style-type: none"> <li>- Procedure, where only SMEs can participate in accordance with art. 3.4 of Federal Law No. 223;</li> <li>- The cost is 1% of the contract's IMP, but no more than 5,000 rubles (excluding VAT).</li> </ul>
